

Home Addition and Renovation

Location:
Norfolk, VA

Cost:
\$105,000

Projected Completion
Date:
2014

ABC Consulting, Inc provided engineering and construction management services to expand the south wing of the house to include a new master Bedroom, addition of a large closet and new Master Bathroom. A new deck was designed to wrap around the new house addition. New windows were installed in the bedroom and his and her sides in the closet. The bathroom has marble tiles on the floor and shower and granite counter tops. A tri-fold Nana Wall window was installed in the shower and opens up to the outdoors. A new, larger deck was built to accommodate a new hot tub and to provide additional outdoor seating.
