

2715 Monticello Ave.

Location:
Norfolk, VA

Owner:
Drebel, LLC
1307 Laurel Crescent
Norfolk, VA 23505

Cost:
\$130,000.00

Projected Completion Date:
2009

This project is the ultimate in recycling. ABC Consulting, Inc. started with an old dilapidated masonry building that was vacant for three years, recycled it, and converted it into three new offices. The building is a 4,200 S.F. office renovation including a complete exterior face lift with new stucco surface, new windows, storefront and awnings on the exterior walls. This project includes a courtyard landscaped to provide a pleasant area for employees to take a break. The 3' x12' sign located on the Monticello Ave. façade was recycled by repainting the frame and inserting a new plexi glass face on the existing frame. The entire project took 90 days to complete.
